C. Update on Legacy Fund Budget Planning for FY2017
   McKennan discussed Legacy Budget considerations. Due to a 3% budget decrease, the suspension of the statewide fund and ceasing the podcast program, MELSA has $62,170 to reallocate within the Legacy budget. McKennan proposed assigning $15,000 to the State Fair for 2017 and asked the directors which formula they would like to use for the extra legacy funds. The choices were the Live at the Library formula, which is based on 20% population, 20% number of library locations and a 60% grants or the traditional formula based solely on population. Behringer requested that each of the Directors speak with his or her Trustee and explain the change in formula.
Motion by Thompson to agree to put $15,000 back to the State Fair and to have the Library System Legacy allocations distributed solely based on population. And to discontinue the Live At The Library distribution formula since that program no longer exists. Second by Grussing.
The Directors continued to discuss the merits of spending $15,000 on one day at the State Fair.

A friendly amendment by Thompson to ask James to consider a way to report back outcomes of MELSA State Fair participation. Second by Grussing. Motion carried.

D. Preliminary Information on the 2017 Budget Planning Process
Behringer reviewed where the Finance Committee is in the 2017 budget planning process and asked the Directors to consider the value and talk to their staff about the several products that are in play in 2017. The directors agreed that they would like to see money set aside for a strategic planning consultant.
